Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 2 MONTH(S) OR THIRTY (30) DAYS, WHICHEVER IS LONGER, FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133). Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

Election/Restrictions

Applicant's election with traverse of claims 1 and 3 (Invention I.b) in the reply filed on 4 January 2006 is acknowledged.

Applicant argues that the various species are not mutually exclusive and should be examined together.

Applicant's arguments have been carefully considered but they are not persuasive. The Examiner notes that should applicant traverse on the ground that the species are not patentably distinct, applicant should submit evidence or identify such evidence now of record showing the species to be obvious variants or clearly admit on the record that this is the case. In either instance, if the examiner finds one of the inventions unpatentable over the prior art, the evidence or admission may be used in a rejection under 35 U.S.C. 103(a) of the other invention.

Applicant has not provided the evidence or identified such evidence now of record showing the species to be obvious variants or clearly admitted on record that this is the case. Therefore, the Examiner maintains that the species are patentably and mutually distinct.

The requirement is still deemed proper and is therefore made FINAL.

Claims 22-34, 35-43, 44-49, 51-56 and 59-62 are cancelled.

Allowable Subject Matter

This application is in condition for allowance except for the following formal matters:

The disclosure is objected to because of the following informalities:

The disclosure is objected to because it contains embedded hyperlink and /or other form of browser-executable code. Applicant is required to delete the embedded hyperlink and/or other form of browser-executable code. See MPEP & 608.01.

Appropriate action is required.

As per claim 1:

The term agree/defer is an alternative limitation and therefore not a positive limitation. The correct format would be as Claim 2 of 09/610,005. The claim must present a positive limitation to be allowable.

The term "can" as in " ... a first dialogue box into which the first negotiator can enter text;" "Can" is not a positive limitation in that it is or it is not. The limitation is required to be written in a positive action format.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The following is a statement of reasons for the indication of allowable subject matter: What is unique about this application is that there are two distinct interactive displays on a computer screen providing two distinct parties of a transaction with the

options of providing the other party with their decisions and responses on a single computer screen. The prior art cited does not disclose the concept of two distinct interactive displays on the same computer screen. They teach about the use of one display.

Claims 2-9, 15-21, 50 and 57-58 are objected to as being dependent upon an objected base claim, but would be allowable if Claim 1 is amended to correct the objections.

Conclusion

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Raveis, JR US 2002/0046159 A1 SYSTEM AND METHOD FOR MANAGING TRANSACTIONS RELATING TO REAL ESTATE.
